Hi all! Circling back on this plan. The updated attachment reflects the two-step process—in which we would transmit the package to OMB on Wednesday (3/3) and sign on Monday (3/8). We are proposing a 3/9 rollout so that OCIR and others can do notifications on Monday. Please let me know if folks have further comments/edits on the plan or materials. We have included the draft statement, talking points (new!), and press release.

Many thanks!

Best,

David

When: Thursday, February 25, 2021 4:00 PM-4:30 PM (UTC-05:00)  
Eastern Time (US & Canada).

Where: Microsoft Teams Meeting

This was the best time for folks tomorrow, but there are still conflicts. Let me know if we need to shift and I'll see what we can do.

The purpose of this meeting is to discuss some procedural actions on the Lead and Copper Rule that OW will be announcing ASA Monday.

We want to make sure we're coordinated on messaging as well as on the rollout/tick tock. David will provide some draft materials tomorrow morning after he gets input from Radhika. In the meantime, please let us know if you have any questions or need additional information.

It's exciting to hear that Michael Regan will want to engage in the MOA event on March 16 at the ECOS Spring Meeting! We plan to announce the extension of the formal Memorandum of Agreement between EPA, ECOS and ASTHO (the national association of state and territorial chief health officials) for the next five years, reaffirming our commitment to work together protecting public health from environmental threats and hazards and advancing health and environmental equity for all citizens. It reinforces our shared commitment to an enduring partnership that is helping us navigate the unprecedented challenges the states and the nation have faced over the past year, federal transition, and the new, complex environmental challenges that are sure to emerge in the near future.

Purpose of this call is to discuss communications around the event with OPA and OCIR.

I'm the agency POC for the MOA and have been coordinating with my counterparts at ECOS and ASTHO about the event – each partner organization is planning to make brief remarks. My colleagues and I in ORD are drafting talking points, news release and social media messaging around the announcement. We've also been invited to write a guest blog that ASTHO will publish (perhaps the new Administrator would like to do this).

Thanks,

Lisa

- 2) Walk through ECOS meeting agenda & EPA participation (OCIR)
- 3) Discuss expectations for non-panelist EPA participants (OCIR/OPA)
- 4) Questions (all)

Hi everyone,

Please hold this time for a quick EPA prep conversation for the March 16-17 ECOS spring meeting. OCIR is excited by the strong EPA group planning to attend the meeting, and we'd like to spend these few minutes to walk through the agenda, to talk through ways EPA participants can contribute to the meeting in the virtual environment, and to answer any questions.

This invite captures the current scope of EPA attendees, based on OCIR's tracking and on info we've cross-checked with ECOS. Please let me know if you know of any changes to the EPA attendees from your office.

We'll send around more info before Thursday to help structure the conversation, and we'll also plan to send out a summary of the discussion afterwards for folks who aren't able to attend. In the meantime, please let Casey, Robin, or me know if you have any questions.

Thanks,  
Matt
